| Lift and Slide | AW-50       | 75                    | 123" x 95" | 50 (6.24psf)     | <0.1                       | 12          | 0.38—0.45            |

Performance data based on testing by AAMA Accredited Laboratory, NFRC Simulation software or independent testing. Actual results will vary based on field conditions, locations, size/configurations or glazing options. Be sure to verify the performance requirements for your particular project. <sup>1</sup> U-Values will vary depending on the glazing selected. Please contact Northern for further information.
